BACON'S
MADISON MERCANTILE COLLEGE

(*Branch of Bacon's Mercantile College, Cincinnati, O.*)

No. 13, Bruen's Block, Madison, Wisconsin.

THE undersigned respectfully announces that he has taken a Room in the above named block, [until his new College Edifice, which is in course of erection, corner of [illegible] and Pinckney streets, is ready for occupancy,] and will open his MERCANTILE COLLEGE on

Monday, January 11, 1856.

The plan adopted in teaching combines practice with theory. Instead of using a Text Book, the pupil is exercised in making original entries of every day business transactions—Journalizing, Posting, Balancing Accounts, Opening and Closing a great variety of different Setts of Books, both for Partnership and Individual Business, where the business has been prosperous or adverse—and thus qualifying the student for entering into the *practical* duties of the Accountant in any kind of business.

THE COURSE OF INSTRUCTION will consist of DOUBLE ENTRY BOOK KEEPING, embracing every department of *Individual and Mercantile Accounts, viz:* Wholesale and Retail, Commission, Exchange, Banking, Manufacturing, Shipping, Individual Partnership, Joint Stock and Compound Company Business. Also Commercial Calculations, [illegible] Lectures on the Science of Accounts, &c.

Pupils are instructed individually, and not in classes, so that Students may enter at any time and proceed in the ratio of their capacity and assiduity.

HOURS OF INSTRUCTION.—From 9 to 12 M.; from 2 to 4 and from 7 to 9 o'clock, P. M.

NOTICE TO ICE CONSUMERS.

THE UNDERSIGNED, the oldest ICE trader in the City of Milwaukee, would inform the Public that he as usual will cut his Ice in the neighborhood of the Harbor, in order to procure the clearest and best Ice, and also that he will place around the holes which he cuts in the Ice blocks of Ice as a fence, that everybody may be warned from danger. The cutting will commence about the first of January.

If the Common Council will appoint an overseer, I should have no objection, and I would even pay the expenses [illegible] required.

I [illegible] confident that the Public will appreciate my endeavors to serve them with the best Ice, at the same time guarding them from danger.

THE various man hunting expeditions which have, within the last few years, been made into the North, and the numerous trials [illegible] the Jerry, the Sims, the Burns and similar cases, and the crowning act of infamy enacted by

JUDGE KANE UPON PASSMORE WILLIAMSON,

have excited the profoundest indignation and alarm. The publishers believe, therefore, that this amply attested and clearly drawn record of what judges have done, will lead the people to see what, if unchecked, judges may still do.

F. M. LANE'S
PERMANENT GLOSS PAINT.

Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the light of day.

The subscriber has after a sufficiently long experience [illegible] can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of [illegible] suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints. It possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also Plain and Ornamental Painting, decoration of [illegible] Dwellings, Churches, &c., Sign and Fancy Painting.

Come to the Palace, oh come there with me
Where Fashion and splendor still hold her levee
And Simplicity tells you that Beauty is sold
To youth or to age, in exchange for their gold
And their Lady-like charms through life may prolong,
In robes like the Queen's, which sell for a song.
They've shawls for the taste and shawls for the storm,
They've cloaks which fall softly so rich, and so warm,
They've carpets of Wilton, of Velvet, and Brussels
They've laces and broideries, ribbons and tassels,
They've sombre hued goods for the weeping and sad,
They've tints like the sunshine for merry and glad,
They've fabrics for million, and hold their levee,
For those who pay tribute or come but to see
If palace of Dry Goods so wonderous grand,
Can be aught but a fable of old Fairyland;
But those who know WEVER can't doubt for a minute
The glorious palace and all that is in it. C. H. G.

News of the Morning.

At Washington, it will be seen by the proceedings in the House yesterday, a spirited debate sprung up in reference to the Emigrant Aid Society, and the Kansas Election Case.

The trouble at Columbia with the Students appears not to have been settled yet.

John B. Spencer was sentenced yesterday in our Circuit Court, to imprisonment in the State prison for life for the murder of John Singer.

The charge of the Judge to the Jury will be found in our paper this morning, and is clear, logical and pointed.

The Contested Governorship.

Our Madison letter announces that two of Mr. BARSTOW's counsel have thrown up their briefs and withdrawn from the case. The report is rife, both in this city and at the Capital, that Mr. BARSTOW will not plead further, but throw himself on his "reserved rights." In other words, that not being able to show that he is Governor *de jure*, he will insist at least that he is Governor *de facto* and endeavor to maintain possession of the office which he has usurped, in defiance of the will of the People, and in contempt of any decree of the Supreme Court. We can hardly believe that he will attempt any such desperate game. But as the rule to plead expires to-day, we shall soon learn his determination.

See our Madison Letter of yesterday.

Kansas Aid Association.

The Committee of Twenty-one, appointed at the meeting in Young's Hall Thursday evening, to organize the Kansas Aid Emigrant Association, met yesterday morning and made choice of the following officers: Dr. J. S. DOUGLAS, Chairman, CHAS. HOTCHKISS, Secretary, I. A. LAPHAM, Treasurer. After a free interchange of views it was decided to dispatch a trusty Agent to Kansas, without delay, with instructions to inform himself thoroughly as to the position of affairs there, and having done so, to return and report to the Board. This Agent leaves for his destination forth-with. For obvious reasons of policy, his name is not made public. A Committee was also appointed to prepare an address to the People of Wisconsin, and to perfect the organization of the Board. An Office has been engaged and will be opened, in a few days, in this City, where friends from the country can always obtain any information they may desire in relation to Kansas, or the doings of the Association. A detailed plan of operations will be soon submitted. Meantime all persons wishing to contribute to the Emigrant Aid Association Fund, can remit to Mr. LAPHAM, the Treasurer.

The Committee, after transacting the above business, adjourned to meet again, at the office of Dr. DOUGLAS, on Tuesday next, at half-past 1 o'clock P. M.

A Man Missing.

It is told in Gath and whispered in Askelon that one of the trusted agents of "the forty," but a short time since the occupant of a responsible post at the capitol, who was recently despatched to New York to sell a large lot of School lands for the benefit of "the Balance," has disposed of said lands, pocketed the proceeds and "put" for Nicaragua; where, it is said, he intends to join the Fillibustering army of Gen. Walker. The Madison *Argus*, after announcing his departure, endorsing his "ability, courage and shrewdness;" and expressing the opinion that he will be heard of, in a few years, "as Minister to England, or the United States," adds, parenthetically:

> "The unpleasant rumors relative to the condition of his affairs here are greatly exaggerrated by gossip, and will we trust, be found entirely groundless."

Other reports state that there was dreadful swearing among "the forty," when the news first got wind.

Political Capital Wanted.

Our Charter Election is near at hand, and those who pull the strings, manage the puppets and enjoy "the spoils" of *bogus* Democracy, begin to feel the necessity of manufacturing some fresh political capital and stirring up partizan feeling In this laudable view a meeting is called to night, in Market Square, to congratulate the democracy of Chicago on their recent triumph, *and* to take measures towards promoting the success of the party here "in the approaching contests." The second is undoubtedly the main object of the meeting. The office holders and office-seekers who get it up, care very little about the success, or defeat of their Chicago brethren, but are extremely solicitous to get up a breeze for their own benefit.

PRODUCE FAILURE.—We regret to learn the failure of Mr. H. H. HARRISON, of this city, of the Firm of HARRISON & CHAPIN, for some years past extensively engaged in the Produce and Commission Business here. The large and steady decline in Breadstuffs, since the close of navigation, has prostrated the house. We understand that Mr. HARRISON has behaved like an honest and honorable man in the premises, cheerfully and promptly surrendering to his creditors all of his property, including even his elegant homestead on Mason Street. It is believed that the assets of the firm will be sufficient to liquidate all their liabilities; and we express the general sentiment of our business men and produce dealers in saying that Mr. HARRISON has met the crisis like a man, and that he has the best wishes of his numerous friends and associates for a speedy renovation of his fortunes.

The American Showing its Hand.

The Daily *American* of yesterday, in a labored article, defines its own and its party's position, so far as Wisconsin is concerned, in reference to the late K. N. nominations at Philadelphia. The *American* repudiates the "FILLMORE and DONELSON" ticket, very emphatically; ascribes their selection to "their pro-Slavery affinities and political weaknesses;" denounces the Convention as a "packed" one, and entirely under the control of the South, and declares that the only object of the South was "to nominate men *whose defeat would be inevitable*." It thus appears that not a single paper in this State will support the K. N. nominations of FILLMORE and DONELSON, and we have yet to meet with the first individual who thinks of doing so. WISCONSIN is *unanimous* against the Philadelphia K. N. ticket and platform.

THE FIRST SAW MILL IN MILWAUKEE.—Our associate, in his letter from Madison yesterday, started the "query for old settlers," who built the first saw-mill on the Milwaukee River, mentioned in Gen. ELLIS' paper (published at Green Bay) of April, 1834. We are indebted to Mr. ALANSON SWEET, one of the Pioneers of Milwaukee, for an answer to the query. He says that the mill was built by two young men, named CURRIER and SARGENT, now living in Jefferson County, and that the means were furnished by OTIS HUBBARD, who is no longer living. The mill was completed in the fall of '34 and was in operation when Mr. SWEET came to Milwaukee, then just peeping from its shell, in the Spring of 1835.

DEATH OF A LAKE SUPERIOR EDITOR.—We regret to learn from the Green Bay *Advocate* that GEORGE M. WATSON, editor, foreman and sole operator in the Lake Superior *Journal*, at Marquette, died very suddenly, at that place, of an apoplectic fit, during the night of the 21st February.

FROM MADISON.

Editorial Correspondence of the Sentinel.

The Contested Governorship.

MADISON, March 6, 1856.

Mr. Orton, of counsel for Mr. Barstow, has publicly declared several times within the past three days, that he is out of the case, and will not act further. It is hinted that though willing as a counsel to argue the law points raised, yet he is not willing to risk his reputation on the merits of a case which must be sustained by the same sort of fraud and forgery as that which made it. It is also stated that Mr. Carpenter has thrown up his connection with the case.

In connection with the subject, considerable speculation has arisen from the arrival yesterday of a *load of muskets*, from Mineral Pt. They are probably the arms of some disbanded military company, but such open threats of resistance to the judgment of the Supreme Court, (should it be unfavorable to Barstow,) have been made by his faction, that people are ready to believe that the most desperate measures may be attempted.

ANOTHER SCHOOL LAND SWINDLE!

Madison is in commotion from another cause. You will see by the papers that Mr. WALTER G. BESLEY, who has figured for some time past as Chief Clerk in the new "Land Bureau," organized by Gov. Barstow, (and paid out of the School Fund income, in despite of the Legislature,) is said to have suddenly left New York for Nicaragua. He had been in New York for some time past, operating in the disposal of School Lands, entered by himself and other Clerks and pets of the "Forty" faction; and, in addition, several gentlemen hereabouts, who owned land certificates, and had sent them in large amounts to be disposed of in Wall Street, are anxiously enquiring as to the whereabouts of their funds.

Aside from the fact that all these things were reasonably to be expected, as another act in the grand drama of the "School Land Swindle," do they not furnish additional reason for the decentralization of the School Fund, as is proposed by Mr. Mills' excellent bill, pending in the Assembly? That bill ought to be pushed to an issue in that body, so that there may be time to act upon it in the Senate, if it is to reach the Senate.

There is to be quite a contest in the 6th Circuit (Judge Wiram Knowlton's) for the Judgeship. A clever idea—that of providing another Circuit, by dividing the 4th—was broached, but does not meet with favor, inasmuch as it is supposed that 10 Circuits are already about four more than are needed; and it is now intimated that our old acquaintance, Geo. Gale, once a Walworth Co. whig, but latterly a queer sort of a politician, sometimes a democrat of one conchological character and sometimes of another, but always for Geo. Gale and his friends, will be an independent candidate against Mr. Knowlton.

Mr. Taylor, in Senate this morning, introduced a bill chartering the "Northern Pacific Railroad Company," from the voluminous pages of which I extract the following characteristics, aside from the usual railroad provisions:

Commissioners—J. D. Doty, C. H. Wheeler, J. Hadley, W. A. Barstow, C. R. Alton, L. J. Farwell, Samuel Hale, D. C. Reed, J. Fitzgerald, David Taylor, H. Haertel, E. O'Neil, J. Stark, Wm. Hull, Julius White, H. L. Dousman, T. Falvey, N. Dewey, Patrick Rogan, A. D. Gray, L. P. Harvey, H. C. Matteson, I. S. Talmadge, G. W. Clason, Rufus King, Thomas Dyer, (of Ill.) A. W. Buell, of Mich., W. J. Daniels, of N. Y., J. B. Sutherland, of Penn., H. L. Rice and W. N. Gorman, of Min. P., and I. J. Stevens, of Wash. T.

Directors—The first fifteen named to be directors.

Capital—$100,000,000, with power to increase to $150,000,000.

Organization—Directors to receive subscriptions under such regulations as they think proper.

Route—From the head of Lake Superior to Puget's Sound, with branch to Columbia River.

Privileges.—To hold and use such lands as may be granted by this State, or the United States.

Concerning all the above, considering the general sweep of the list of Commissioners, intended to secure favor from all quarters, I confess myself cornered, and though I would not say such a thing publicly, I may intimate in this private way that I have not the slightest doubt of the building of the road, and think that the managers of the enterprise might be induced to give me "a chance in;" and if they do so, I am ready to sell my shares, at a reasonable advance. So look out for bargains.

The Apportionment Committee is hard at work, and, I understand, with a good degree of harmony. The number of Senators will, it is said, be increased to 29, and the Assemblymen to 92—Our county will lose nothing by the apportionment, though the districts may be changed according to the population.

A bill chartering the "Milwaukee Transportation Co." passed the Senate this morning. It is a very liberal bill, providing for the organization of a company, with a capital of a million of dollars, under the auspices of three of our most enterprising forwarders, Messrs. Hibbard, Newhall and Wheeler, the books of the subscription to be opened at Mr. Hibbard's office, and the company may organize when $150,000 is subscribed. A strong and substantial company will be formed, I doubt not.

I think I have made a mistake, a day or two since, in classing Mr. Drake, of Jefferson County, in Assembly, as a "democrat." His steadfast republicanism has not deserved this, and I take it all back, *instanter*.

Resolutions passed the Senate unanimously, calling upon our Congressmen to oppose the renewal of the patent of the Woodworth planing machine.

The Assembly has been in a state of chaos all the morning. The democracy having resolved in caucus that the salvation of the universe in general, and the party in this State in particular, required that Mr. Knowlton's Jeffersonian resolutions vindicating State rights, should be killed, this day was set for the doing of it. However, as several Democrats feared to vote outright *against* the resolutions, their tender consciences and spinal marrows were provided for by determining to *table* the resolutions, so that their weak brethren could say they "didn't vote against them, but only to postpone them for a time."

So, when the question came up, the motion to table was made. A call of the house was made, and thereupon commenced and proceeded for the space of three hours, the most magnificent specimen of pure democracy which I have seen since last winter, when the same party fought a whole afternoon and night because the Republicans wouldn't let them go and celebrate the veto of the liquor bill. Mr. Stark was in the chair, and proved himself equal to any demands made upon him by party fealty. Motion after motion followed in quick succession—decision after decision as quickly—appeals from the decisions of the Chair were made, and always decided by the straight party vote—and so it went on for a long while.

Enough of this. I do not care to record more of it. The general result may be stated thus:

Leading Democrats, who had sworn by very hard words that the "legislature should be hung up here till June, unless those resolutions were killed," did succeed in killing them, by a vote to table them.

Whatever brave professions of independence, may have been made by democratic members, but *two*, Messrs. Anunson and Fletcher, had the courage to vote according to their professions.

Whatever temporary notions of justice, and of a right to private judgment, may have occasionally come across the minds of democrats, all but those two have been driven or coaxed into traces, and voted to-day against the plainest, clearest, and most truly democratic declaration of State rights ever presented in our Legislature, and that for no other reason than that a Republican offered the resolutions.

And, lastly, there is not salt enough to save the Wisconsin democracy, and by its representatives here, it seems preparing to go, as a unit, down to the tomb of the Capulets. So mote it be!

A bill which has passed the Assembly, authorizing the Superintendent of Schools to subscribe for a sufficient number of copies of the Wisconsin *Educational Journal* to go to each of the town clerks and school districts in the state, was discussed in Senate to-day, and met with much opposition. I hope that it will pass. The *Journal* will be in charge of several of the best teachers of the State, and will be the organ, through which the decisions, appointments, &c. of the State Superintendent will be communicated to the public. I do not know of a better way to expend a moderate amount of public money.

W. H. W.

The Governorship—Resistance to the Court Threatened!

MADISON, March 7, 1856.

I have hitherto been among those who believed that, however much the Barstow faction might bluster and abuse the Supreme Court, they would yet yield, if not with good grace, yet peaceably, to the mandate of the Court, should their chief be ousted by a due course of law; and I have therefore paid little attention to the current rumors of preparations for a resort to arms, if necessary. But, as day after day rolls around, one thing after another comes up to confirm the truth of these reports. Last night, the Democratic members of the Assembly, all but a few who were not supposed to be *reliable*, were in caucus, in the Executive Chamber, and the result, as current rumor gives it this morning, is that a vote was taken to sustain Barstow to the end, and refuse to recognize Bashford, under any circumstances.

How far such a determination, should it be made, will carry the faction, remains to be seen. I venture to prophesy, however, that after due consideration, when a vote comes to be taken in the Assembly, those who refuse to heed the mandate or judgment of the Court will find themselves in the minority. I cannot believe otherwise. There are a few desperate men who are ready to go any length, but the great mass of the Democrats are neither fools or traitors, and however they may resolve in caucus, they will not suffer themselves to be led by the nose too far.

Everybody says—how truly we shall know to-morrow—that Barstow does not intend to appear in Court again, but means to stand back, and refuse to recognize its action. In that case, judgment of ouster will doubtless be given, by default. Then, of course, Mr. Bashford is Governor, whether in the Executive Chamber in the Capitol or not. We need not speculate upon the probability of the result when the Sheriff of Dane County may be directed to execute the Judgment of the Court, and eject the intruder from the Executive room. No such order may be proper, for aught that I know, and no violence may be necessary if it *is* given. Sufficient unto the day are the evils thereof.

The Senate will, of course, recognize the lawful Governor. I say of course, for I do not hear of a single Senator who will refuse to do so, though there may be one or two who are desperate or foolish enough to refuse.

Meantime there is a great deal of excited feeling hereabouts, and groups of men here and there are discussing the various probabilities and possibilities of the future. We can safely wait.—The mandate of the Court *will execute itself*.

To-morrow will come soon enough.

W. H. W.

P. S.—It is now said that ex-Judge Crawford has been employed by Mr. Barstow in Mr. Orton's place. Messrs. Arnold and Carpenter are here and there may be a plea after all.

DAILY MAIL TO JEFFERSON.—We learn from the *Jeffersonian* that by a new arrangement of P. O. Routes, the village of Jefferson is now supplied with a Daily Mail from Whitewater.

SIXTH JUDICIAL CIRCUIT.—The La Crosse papers announce Mr. GEORGE GALE, of that town, a lawyer of fair abilities, as a candidate for Circuit Judge in the Sixth Circuit, in opposition to WIRAM KNOWLTON, the present incumbent.

MILWAUKEE AND STEVENS POINT.—Passengers now come from Stevens Point to Milwaukee, by the La Crose and Horicon roads, in less than two days. The *Pinery* says that the Wisconsin Stage Company has started a daily line of four horse post coaches between the Point and Waupun, connecting at the latter point with the Milwaukee and Horicon R. R.

MISSISSIPPI OPEN.—The River is open between Alton and St. Louis. Boats are now making regular trips in connection with the Chicago, Alton and St. Louis Railroad, which is in first-rate running order. Passengers now go through to St. Louis the same day.

LARGE RECEIPTS OF CUSTOMS.—The receipts of customs at New York, on Wednesday, were larger than ever before known at that or any other port of the United States. $415,000 were deposited in the Sub-Treasury, but the actual payments were $475,000. The simultaneous entries by three steamers, the Atlantic, Asia and Etna, caused these large payments.

FOND DU LAC CHARTER ELECTION.—The Charter election in Fond du Lac resulted in the choice of the following officers, (nominated by the Democrats) by a close vote:

D. EVERETT HOPKINS, Mayor; Daniel Banks, City Marshal; John Pettit, Treasurer, S. D. Stanchfield, City Clerk; and R. A. Baker, School Superintendent.—Their competitors for the respective offices in the order as above, were Dr. Darling, I. W. Bowen, C. J. Gess, Edward Bissel, and Allen Gibson.

Of the 15 Alderman elect, 10 were on the People's ticket and 5 on the Democratic.

An Error Corrected.

LOWELL, March 5th, 1856.

Messrs. Editors:—In my comment on Judge Rose's explanation relative to the contested seat in Dodge, as appears in your paper of the 27th of February, there was an error; it should have been six hundred and seventy-two (672) instead of six hundred and twenty-two (622) votes cast in that Assembly District. I wish to correct that error, lest I might be accused of following in the footsteps of the Illustrious Judge.

B. F. LELAND.

FROM LAKE SUPERIOR.—Mr. R. S. Gravetreat, of Marquette, Lake Superior, called on us on Monday last. He arrived in this city on Saturday, with three teams and a number of passengers. The teams have already returned, loaded with provisions. Mr. G. reports the road in good condition, and that he made the trip here, with ease, in five days. The people of Lake Superior, and particularly those engaged in the iron trade, are making arrangements for a far more extensive business than they have ever before done.—*Green Bay Adv.*

Abstract of the Report of the Superintendent of Public Instruction.

The Annual Report of A. C. Barry, State Superintendent of Instruction, has at length made its appearance. We make as full an abstract as possible in the crowded state of our columns:

The whole number of children in the State, on the first day of September, 1855, between the ages of four and twenty, was	186,085
The whole number set down in the Report for the year 1854, was	155,125
Increase in the State for the year 1855,	30,960
The whole number of children who have attended school during the year ending September 1, 1855, is	122,452
Of these 119,687 were between the ages of four and twenty.	
The number reported last year over four, and under twenty, as attending school, was	101,580
Increase of attendance for the year,	18,107
There was received from various sources for the year 1855, for school purposes, the sum of	$264,764 08
Of this amount, there was expended for same purposes, the sum of	250,075 70
As follows:	
For teachers' wages,	$216,542 42
" Libraries,	4,751 21
" other purposes,	28,791 57
Amount unexpended,	14,688 38
Excess of money received and expended for school purposes over amount of year 1854,	22,647 49
Excess for teachers' wages,	58,057 08

The capital of the School Fund is as follows:

The Superintendent alludes to sundry items in which he thinks that the administration of the School System may be improved, which he condenses briefly as follows:

1st. The consolidation of the several districts within a city, village, or part of a town, for the purposes of a better organization, management, and supervision of Schools.

2d. The organization of so many Primary Schools of a city, village, or part of a town as may be required, and of a Central High School. [Where the number of pupils is no more than four or five hundred, a single School, with Primary, Intermediate and High School Departments will be sufficient.]

3d. The organization, superintendence and management of such Schools, or School, to devolve on a Board of Education consisting of three or more Commissioners and a Superintendent; which said Board shall be vested with all the powers of present District Boards.

4th. The Common Council of a city, or the Trustees of a village, to raise by tax such sums as may be determined and certified by said Board of Education to be necessary or proper for the purposes of purchasing School Houses, paying Teachers wages, etc., etc.

He cites the Schools of Racine as model ones, which have been made so by the adoption of the above system.

He advocates the abolition of Town Superintendents and the adoption of the plan of County Superintendents instead, as likely to conduce to the employment of better teachers, chosen without fear or favor.

He recommends that the State subscribe for a sufficient number of copies of the *Educational Journal* to be sent to every district library in the State.

From the interesting tables appended to the Report we condense the following:

The sum of $29,654 has been raised by tax and expended on schoolhouses.

The total number of schoolhouses reported is 2,395, of which 21 are brick, 88 stone, 1286 frame and 927 log. The total is not correct, as a great many towns have not reported the item.

The highest cost of schoolhouses is set down at $8,000 for Sheboygan Co., and the usual blunder exists as to Milwaukee County. The total valuation of the 73 schoolhouses in Milwaukee County is given at $86,751, but the highest valuation is given at $500, while the city has five, each of which cost $5000, or over.

The total valuation of School Houses in the State is given at $542,662. Waukesha County is in for the house (?) of lowest valuation, to wit: *one cent!* The number of volumes in the school libraries is 21,877.

The schools in Milwaukee County have 1370 volumes; and 2000 pupils in that county have attended private schools during the past year.

But *one* Incorporated Academy in the State, out of the large number existing, has reported.

The Report closes with several letters from leading friends of education, among which is one from Chancellor Lathrop of the State University, announcing the organization of the Department of Normal Instruction, under Professor REED.

FIRE.—The farm house of Mr. Calvin Wibler, about seven miles west of this village was burned down on Sunday night. The building was a log house and not of much value in dollars and cents, but everything in it, including about $50 in money, was burned up. The total loss was about $200.—*Whitewater Gazette.*

HEAVY LOSS.—We regret to learn that our fellow citizen, JOHN COLLINS of Westport, lost his team, a very fine span of mares, valued at $500, in Lake Mendota, yesterday. Mr. C. says that this makes nine span of horses, that he has lost within the last ten years.—*Madison Argus.*

WESTERN LAND AGENCY OFFICE, —OF— JOHN JAY CHASE,

Located at Prairie du Chien, Wis.,
THE WESTERN TERMINUS OF MIL. & MISS. R. R.

THE SUBSCRIBER has for sale a large amount of Town Lots, Blocks, and other Lands, some of which are well situated for business, and others for residences, which he is offering for sale at reasonable prices.

A complete abstract of Title has been made by the subscriber, to all the lands situated in Prairie du Chien, and he is now prepared to furnish to residents or non-residents abstracts of title to such lands as they may designate on short notice, and upon reasonable terms.

Persons wishing to invest in Real Estate in a healthy and growing town, cannot do better than to settle at this place, as the point, Prairie du Chien, is beautifully situated on the eastern bank of the Mississippi River, and is the western terminus of the Milwaukee and Mississippi Rail Road, which road will be completed in the fall of 1856. Its advantages as a great commercial point, must, in a short time, make it one of the most important towns on the Upper Mississippi. The subscriber offers his services to those wishing to purchase property here, for the payment of Taxes, and to attend to all business connected with the purchase and sale of Real Estate.

REV. S. A. KINGSBURY will lecture on Sunday evening, at the Baptist Church, corner of Wisconsin and Milwaukee Streets, in continuation of his course on the life of Christ. The lectures of this course thus far delivered, have been of an entertaining and intellectual character, and those who have listened to them, have been interested and instructed.

A SAVAGE WOMAN.—When the girl Smith, committed from the Police Court yesterday, was taken to jail by Policeman Capron, the officer directed his prisoner to the office, while he cautioned the jailer not to put her in the same room with Mrs. Spencer. The latter was in the office in consultation with her counsel, and the moment she saw the girl Smith, sprang at her like a tigress, stripping the bonnet off from her head in an instant. The girl screamed, and the officers had to choke the virago, before they could make her let go. The girl was then placed in a separate room.

Police Court, March 7.

A. Weil, for an assault and battery upon Bernhardt Cohen on the 2d of March, was tried, found guilty, and sentenced to pay a fine of $10 and costs, amounting to $18,65.

ATTEMPT TO POISON.—Catharine Smith, the girl who was with Singer when he was shot, and one of the witnesses in the murder trial, was brought into the Police Court by the Police, charged with threatening to destroy her own life by taking arsenic. The story of this girl was, that she was without money, friends or home, had no place to go to—was distracted, and had determined to take her own life, and should purchase arsenic and do it. The Chief of the Police set an officer to watch her, who saw her buy the arsenick, he then arrested her.

The Chief of the Police complained against her for being a common prostitute—the defendant admitted the charge. The Court required her to give bail in the sum of $250, conditioned for her good behavior for the term of two months; in default she was taken to jail.

The girl had a paper of arsenic that was taken from her by the Police Officer containing enough to poison fifty persons, and that was purchased simply by the asking for.

We have always thought the law relating to the sale of "poison" is a farce, a disgrace. Under the law, any evil disposed person, any boy, any girl, any insane person can purchase poison enough, without any questions being asked, to poison the inhabitants of a hotel; all that the law requires is that "the true name thereof in English and the word 'poison' written or printed upon the vial box or parcel containing it, under the fine of not exceeding a hundred dollars."

To our Legislature we would say, that a law should be passed punishing by *Imprisonment in the County Jail*, any druggist or other person, who should sell to any person not a physician or surgeon, except under a written order from a medical man, "any arsenic, corrosive sublimate, prussic acid or any other active poison." We remember several cases of poisoning in this city, and all of them would have been prevented had a stringent law been in force relating to the sale of poison.

REPORTER.

James Hanan was fined $2, and 50 cents expenses for leaving his team unhitched. He was arrested by Policeman Coughlin.

Circuit Court, March 7.

JUDGE HUBBELL, PRESIDING.

Trial of John B. Spencer for the Murder of John Singer, Dec. 27, 1855.

James A. Mallory, District Attorney, for the State—John L. Doran, for the Defence.

SECOND DAY.

JUDGE'S CHARGE.

We give below an extract from the charge of Judge Hubbell in the trial of John B. Spencer, alias "Slecky John," for the murder of John Singer. The counsel of the defendant claimed, in a lengthy speech, that the defendant, Spencer, having ordered Singer, the deceased, to leave his house, and having thrown a stone at him, then stabbing at him with a knife, and then winding up the whole by taking a gun and shooting him, committed but a justifiable homicide; or at most could not be convicted of murder in the first degree, and was not guilty of a higher crime than manslaughter. The charge of his Honor upon this point is well worth reading: it ought to be read by every saloon keeper and every landlord in the State. It will do very much to check and counteract that dangerous idea and belief, by far too prevalent in the community, that because a man does not instantly, or in a short time, leave a saloon or other public place, &c., when ordered by its proprietor, the proprietor, or his servants, may resort to every species of violence, to breaking a limb, or endangering his life to eject him.

It is claimed for the defendant that the proof shows that the deceased, Singer, was ordered by the defendant to *leave his house*—that he did not leave; that the defendant thereupon threw a stone at him, which he dodged; that the defendant then drew a knife and stabbed at Singer, and that then he got his gun and shot him; and it is contended, upon these facts, that the shooting was justifiable.

It is undoubtedly the rule of law, that a saloon keeper may order from his house any inmate, or person therein, who behaves improperly, or is the cause of disturbance, and if such person, after being ordered to leave, remains in the house, he is a wrong-doer, or trespasser, in law. If he remains peaceably and quietly, doing no damage, making no actual disturbance, he is a mere technical trespasser.

If he remains there, disturbing the company, breaking the peace, or doing any damage to persons or property, his trespass is only aggravated. In either of these cases the proprietor of the house has a right to remove the offensive person by force, in case he refuses to leave when ordered, and may, for that purpose, use such force as may be reasonably necessary to effect the removal. But the proprietor of the house, or saloon, cannot seize upon the fact of a neglect, or refusal, by any inmate to go out when ordered, to destroy his life, or limb, or inflict some great bodily injury upon him, on pretence, or for the purpose of effecting his removal.

The law requires that he shall use ordinary and peaceable means to get him out before he resorts to violence.—If peaceable means do not effect the object, he may use force; but not such force as endangers life or limb, unless this becomes necessary to protect the person of the proprietor, or the persons of his family. If the intruder be peaceable, offering no violence, but merely disobeying the order to leave, I am clear that the proprietor would not be justified in destroying life or limb. More than this; if the proprietor, in such case, without any actual danger threatened against himself or his family, should seize a loaded gun and shoot down the offender, the killing (if death ensued) would be murder.

In this city, and in this land of the law, I am clear that no proprietor of a public house, or saloon, will be clear of murder, if he stabs, knocks down with a bludgeon, or shoots and *kills* any quiet and peaceable person, simply because he neglects or refuses to leave his house when ordered to do so.

He must first try peaceable means; he must first try ordinary means before he assumes to take the life of a peaceable man in this way. And, if there is no danger threatened, no immediate damage being done, *he must resort to the officers of the law, before he take the law into his own hands and takes life.* I speak of a case where the proprietor of the house is put in no personal jeopardy, and where he is merely exercising his legal right to clear his premises of a disagreeable person.

If the evidence in this case shows that the defendant was put in any personal danger by the presence of Singer in his house, then it will be for you to enquire whether the act of killing was in any way necessary in self defence.—But, I understand the counsel for the defendant to have placed his defence on the ground of the defendant's right to remove Singer from his house, and not to claim the killing as an act of self-defence; you, however, will judge of this.

When the intent of a defendant in effecting the death of any person can be found by direct evidence, it is the duty of the jury to be governed by that evidence; and if a positive design to take life is shown to have existed, it makes out a case of murder in the first degree.

Such direct proof as to intent may also be taken in connection with the means employed, and the manner of employing such means. When any man takes the life of another person by shooting him, or stabbing him, or by the direct use of any dangerous weapon, the law implies that he intended the ordinary result of the means he employs—it implies the intent to kill, and throws upon him the burden of showing, if he can, that such design did *not* exist, or that he acted in the *lawful defence* of himself or some member of his family, or, that the person killed was *engaged in the commission of a felony.*

But merely neglecting or refusing to leave a house or saloon when ordered so to do, when there is no threat of a felony, and no imminent danger of its being committed on the defendant, affords no such justification; does not repel the implication of the law, that unlawful killing was intended.

The Court charged the jury further on some points in the case—the defendant's counsel excepting to the above points of the case, and no other.

Michael Dwyer, on the second trial at this term of Court, was convicted and sentenced to 15 months in the State Prison, for an assault with intent to kill his wife.

Mathias Lichtenstern, convicted of sodomy, was sentenced for 10 months.

JOHN B. SPENCER SENTENCED TO WAUPUN FOR LIFE.—John B. Spencer, *alias* "Slecky John," convicted of the murder of John Singer, was sentenced to imprisonment in the State Prison for the term of his natural life. The prisoner, when asked what he had to say why sentence should not be passed upon him, made a few remarks, the purport of them being that the witnesses for the prosecution had sworn falsely. He was then remanded to the jail.

The case of the State *vs.* William Jones, charged with Arson, setting fire to a building on East Water Street last Summer was called on, and was in progress when the Court adjourned.

LECTURE TO-NIGHT.—Mr. CHAPIN reached Chicago yesterday, and will be here to lecture *to-night*, without fail. Owing to the unfortunate delay which has occurred, Mr. CHAPIN will give only *one lecture* here, and not two, as had been expected, so that all who wish to hear the gifted orator must be on hand *to-night*. Arrangements will be made for seating the hall to its full capacity.

NEW YORK & ERIE FREIGHT EXPRESS.—We call the attention of our Merchants and others to the notice, in our advertising columns, of the arrangements made by the N. Y. & Erie R. R. Company for forwarding freight, promptly and securely over their road. They have got their road in excellent order, and hold out very strong inducements to Western Merchants to patronize that route. Mr. A. H. PERKINS, the General Agent at Chicago, is well and favorably known to many of our readers. He is prompt, experienced and obliging.

LARGE REAL ESTATE SALES.—The sales of Real Estate in and about our City, during the past week, amount to nearly a quarter of a million of dollars, as may be seen from Mr. Laidlaw's report. Good prices have been paid, but unless all signs fail, the purchasers will realize handsomely from their investments. There is promise of great activity in Real Estate within the ensuing six months.

MORE CONVICTS FOR WAUPUN.—The Sheriff was to leave for Waupun this morning with the following prisoners, convicted at the present term of the Circuit Court.

John B. Spencer, *alias* "Slecky John," for murder, sentenced for life; Sybil Spencer, keeping house of ill fame, for 1 year; Michael Dwyer, 15 months; Mathias Lichtenstern, Sodomy, 18 months; Cumming Stewart, passing counterfeit money, 18 months. This will make 18 from this city, and more are to follow.

For the Sentinel.

SANDS & CUMMINGS'

NEW & IMPROVED PATENT BRICK MACHINE

FOR TEMPERING THE CLAY, MOULDING AND PRESSING

Six Bricks in five Seconds

Completed at a Single Operation,

BY STEAM, HORSE, OR WATER POWER.

IN presenting this wonderful machine to the public, the patentees and proprietors wish to make no vain boast of its abilities, or assert in its behalf a single word which cannot be substantially and satisfactorily maintained, and they appeal to the practical brick makers of our country with confidence, when they add, that such a machine is in positive and absolute demand. The business of brick-making is now engrossing great attention, and the rapid growth of our land seems to show that our present facilities will hardly meet a fraction of the demand for the useful articles which it is proposed to furnish by this new means of manufacture. In New England and the Great West, the supply has not been adequate these last ten years and the consequence has been the prices of bricks have been exorbitant, and that most especially during the very last year it has been almost an extortion.

SANDS & CUMMINGS' Brick Machine is built mostly of iron is about four feet square, and five feet high in the rear.—When it is worked by horse-power, with four or five hands employed, (no more being required,) it turns out from fourteen to eighteen thousand bricks per day of ten hours. It is successfully operated by any ordinary laborers, who, by it, become fully competent to the most intelligent and experienced brick-makers.

CERTIFICATES.

WASHINGTON, December 27, 1852.

DEAR SIR:—I have examined with much care and interest your Brick Moulder and Temperer, on Capitol Hill, in this city, and cheerfully bear testimony to its excellence. I consider its simplicity of construction, its rapidity of execution, and its durability, to be apparent to every observer, and I can say that the experience of twenty-five years in the manufacture of bricks, has given me good opportunities of judging closely in this matter. I think your machine is unrivalled as a Brick Machine in the United States.

Respectfully, yours, S. HAYDEN
Practical Brick-Maker, at Palmyra, N. Y.

H. SANDS, Esq.

WASHINGTON AQUEDUCT OFFICE,
Washington, Nov. 23.

SIR:—I was present, yesterday, at an exhibition of Sands & Cummings' Brick Machine. It appeared to me to be conveniently arranged, to be simple in its construction, not likely to get out of order, and it did its work quietly and effectually. I think it a very good machine.

M. C. MEIGS, Captain of Engineers,
In charge of Washington Aqueduct and Extension of U. States Capitol.

H. SANDS, Esq.

WASHINGTON, November 22, 1852.

SIR:—I this day had the pleasure of witnessing the operation of Messrs. Sands & Cummings machine for making brick, and must say that it performed much better than I expected. I can, therefore, recommend it to the public as a valuable labor-saving machine, as it tempers the clay and moulds the brick at the same time.

WM. P. ELLIOTT, Architect and Engineer.

To H. SANDS, Esq.

WASHINGTON, November 23, 1852.

I have witnessed the operation of Messrs. Sands & Cummings' Patent Brick Machine, and consider it unequalled in simplicity, and in the perfection of its results, by any machine of any class that has come under my observation.

CHAS. EVERETT, late of the Patent Office.

WASHINGTON, D. C., November 23, 1852.

It is with much pleasure that I am prepared to say, that having witnessed the operation of making brick, by a new patented machine, by Sands & Cummings, it by far exceeds my expectations. It is very simple in its construction, and sure in its operation. From my experience as a practical machinist and model maker, (having constructed several models for that purpose,) I believe it to be far superior to anything I have ever seen. It can be worked with certainty and great facility, by the most ordinary laborer, while it tempers the clay and moulds the brick at the same time. I would especially recommend it to all persons engaged in the brick business.

J. B. WOODRUFF.

GEORGETOWN, D. C., November 25, 1852.

Having witnessed the exhibition of Sands & Cummings' Brick Machine, on Capitol Hill, last week, I hereby certify that its work was very satisfactory and simple, thereby allowing it to be used by hands totally unaccustomed to it. I was much pleased with the machine in every respect.

ROBERT P. DODGE.

WASHINGTON, D. C., November 28, 1852.

H. SANDS, Esq:—*Dear Sir:*—I have this day witnessed the operation of Sands & Cummings' Patent Brick Moulding Machine, and am fully satisfied that it is not equalled by any machine for speed, or in the correctness of its work; and can therefore cheerfully and confidently recommend it to any person wishing to purchase a perfect machine.

Yours respectfully, JOHN BREES,
Practical Brick-maker, Wyoming, Syracuse Co., Pa.

WASHINGTON, March 21, 1853.

GENTLEMEN:—I take pleasure in recommending to the public your Brick Machine. Having seen one in operation in Memphis, Tenn., I immediately purchased the right to use one in Phillips County, Arkansas, believing that better brick could be made by them than by the old process, and, at the same time saving the labor of at least one-half of the number of hands required in the ordinary way of brick-making.

Respectfully, H. L. BISCOE.

Messrs. Sands & Cummings.

[Mr. B. first experimented with a dry clay brick machine, at a cost of several thousand dollars, which he set aside, and adopted in place thereof one of Sands & Cummings'.]

WASHINGTON, March 21, 1853.

To the Managers of the Metropolitan Mechanics' Institute:

GENTLEMEN:—I am under the impression that the Committee on Class No. 5, in which the machine deposited by Sands & Cummings—a Brick-making machine was embraced—recommended it as being the best machine offered, and therefore entitled to the highest award. As one of that Committee, I am of the opinion that it is the best machine now in use in this country for making bricks of *tempered* clay. I have seen the machine in use, of full size, and the *quantity* and quality of the bricks it produces are better than any others that have come to my knowledge. I am engaged in the brick business, and have searched much in all our principal cities for the most approved machines, and must say, that this machine is the very best I have seen or heard of; I, therefore, recommend the machine as worthy of the highest award that you can give to any machine at the Exhibition.

SAMUEL BYINGTON.

TROY, NEW YORK, September 15, 1853.

This certifies that I have been in the brick business, extensively, for seventeen years, and am employing twenty-two hands, and have this day witnessed the operation, in my yard, of Messrs. Sands & Cummings' Patent Machine. The Machine tempers the mud and makes brick at the same time. It is simple in its construction and not liable to get out of order, and can be worked with common borers, and makes good bricks, and is capable of moulding from 14,000 to 18,000 per day. I am well satisfied with the working of the machine. I have worked different kinds and take great pleasure in saying that this is the best I have ever seen, and in recommending the same to the public as being worthy their attention.

JOHN ARCHIBALD.

CAMBRIDGE, August 27, 1853.

This is to certify, that I have been engaged in making bricks about twenty years, and have seen and used different kinds of improved brick machines, and am now using them. I have this day witnessed the operation of Sands and Cummings' Patent Brick Machine, at Edmund Hayes' brick-yard, in Cambridge, Mass., and, in my opinion, it is most simple in its construction, and, at the same time possesses every requisite for durability; to the extent, that most laboring men can easily do all the work with the machine that is required of practical brick-makers. The machine tempers the clay by horse power, and, at the same time is capable of moulding 14,000 to 18,000 good bricks per day; and that it is best machine now in operation, and I take much pleasure in recommending it to all interested.

GEO. W. WYATT.

CAMBRIDGE, August 27, 1853.

This is to certify that I have been in the brick business for thirteen years, and have seen the operation of Messrs. Sands & Cummings' Patent Brick Machine, in Mr. Edmund Hayes' yard, and, in my opinion, it is the best in use, and that it will make from 14,000 to 18,000 of good bricks per day, with horse power.

S. M. COFRAN, Putnam street.

BOSTON, March 22, 1855.

H. SANDS—*Dear Sir:*—This is to certify, that the Mechanics Brick Manufacturing Company have had in use in their yards during the past season some of your Patent Brick Machines, and the undersigned regard them the best machines for manufacturing brick that they have any knowledge of.

Terms, &c.

☞ Machines will be furnished complete, (excepting only the sweep beam, which would of course be hardly worth the transportation,) with four sets of iron-bound moulds, for $500; and in ordering machines, parties should invariably send the dimensions of the bricks required to be made. *This should not be neglected.*

In sales of State, County or other rights, machines are sold at cost.

☞ The inventors have been asked often as to the size of yard, and position of kilns, and being anxious to impart every information to be derived from their practical knowledge, they respectfully submit the following:

For the most successful operation of one machine, the yard should be one hundred feet wide, and ninety feet in length, adding from eighty to a hundred feet in width for every additional machine, but never increasing the length of yard. The kiln grounds should extend from the head of the yard, so that the bricks being hacked, can be conveyed to the kiln sheds on a parallel line with the yard.

Bricks should be set into the kiln as soon as dried, and made by this machine they dry much sooner than in the usual mode of manufacture.

The Kansas Election Case.

WASHINGTON, March 7.

Mr. Oliver of Missouri, addressed the House in opposition to the request of the committee, to send for persons and papers. He maintained the responsibility for all the strife and bloodshed rests upon the head of Mr. Reeder and other persons who have joined the extraordinary movements in aid of sending Sharp's rifles to Kansas, and getting up emigrant aid societies; their simple object being to defeat what they term, the infamous Kansas-Nebraska bill. These movements are calculated justly to excite the indignation of the people of Missouri. Mr. Oliver indignantly repelled the term "Border Ruffians" as applied to patriots, conscious of their rights, and determined to maintain them.

SIX O'CLOCK REPORT.

Congressional.

WASHINGTON, March 7.

HOUSE—Mr. Cumbach defended the purposes of the Emigrant Aid Society. Cullom and Walker entered into legal arguments to show that the House in examining the election case should not go beyond the records before them.

Mr. Oliver did not know any Missourian who voted in Kansas; he had witnessed hundreds of Eastern men returning from the territory, who said they had seen the Elephant and fulfilled their contract to vote, and were going home. To authorize the committee to send for persons and papers would be to give confidence to the resolution and defiance of law. He trusted the House would refuse this request made at the instance of a man (Mr. Reeder) who has smeared his hands with the blood of his butchered fellow citizens, and who is the foundation of treason, which only needs the fact to justify his being hanged as high as Haman.

Mr. Cumbach, of Indiana, admitted as charged by Mr. O., that the design of the Emigrant Aid Societies was to make Kansas a Free State—the doctrine promulgated by Northern Democrats before the passage of the Kansas-Nebraska act—was intended not only to make those territories free but also to establish a cordon of free States to the Pacific. He (Mr. C.) never had any desire or intention to go to Kansas until he saw an effort to force slavery there. He submitted to Messrs. Oliver and Phelps, who had addressed the House on this subject, has it come to this that we must ask how many men can emigrate to Kansas, and at what time they can become citizens?

The Riot at Columbia.

NEW YORK, March 6.

Letters from Columbia, S. C., of March 3rd, published in the Charleston papers, state that the troubles at the College in that place are not over yet, and the exercises are temporarily suspended. On Thursday the students threatened to rebel unless the trustees returned the arms of the college cadets. The Government interposed and partially quieted them, but a few still hold out. A large number of students had left the college and the rest had been suspended, so that 20 or 30 only retained their connection.

A company of 50 fillibusters arrived here today from Philadelphia, bound for Nicaragua.—They go out in the Star of the West, to-morrow.

The steamer Plymouth of the N. Y. and Stonington line, which has been ashore at Hart Island for two or three months, was floated off today and steamed up to the city but little damaged.

The screw steamship Aetna, being the 1st of the new line of Havre Packets, sailed to-day for Havre. She took out seven passengers and $150,000 in specie.

GREAT FIRE!

TOLEDO, Ohio, February 12th, 1856.

THE DERBER & FORSYTH MANUFACTURING COMPANY:

Gentlemen:—On the morning of the 20th ult., a fire broke out in our block, composed of nine buildings, of which ours is the centre. Our Safe was one of Derber & Forsyth's manufacture, Rochester, N. Y., stood about the middle of our store, and was exposed to the most severe fire we have ever witnessed, from 1 until 9½ o'clock in the morning. So intense was the heat that our stove, which was a large and heavy one, and which stood within about four feet of the Safe, was almost entirely melted down. When we had seen that, we came to the conclusion that the contents of the Safe were not preserved, but on opening it we were very agreeably surprised to find them all in a perfect state of preservation.

Respectfully yours, N. W. EDDY & CO.,
Merchant Tailors.

CARTER'S SPANISH MIXTURE

THE GREAT PURIFIER OF THE BLOOD!

TH BEST ALTERATIVE KNOWN!

NOT A PARTICLE OF MERCURY IN IT!

An infallible remedy for Scrofula, King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Postules on the Face, Blotches, Boils, Ague and Fever, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Enlargement and pain of the Bones and Joints, Salt Rheum, Stubborn Ulcers, Syphilitic Disorders, and all diseases arising from an injudicious use of Mercury, Imprudence in Life, or Impurity of the Blood.

This great alterative Medicine and Purifier of the Blood is now used by thousands of grateful patients from all parts of the United States, who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." Neuralgia, Rheumatism, Scrofula, Eruptions on the Skin, Liver Disease, Fevers, Ulcers, Old Sores, Affection of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and Joints, are speedily put to flight by using this inestimable remedy.

For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the Skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the DISEASES OF FEMALES it is peculiarly applicable and wherever it has become known is regularly prescribed with the happiest effects. It invigorates the weak and debilitated, and imparts elasticity to the worn-out frame, clears the skin, and leaves the patient fresh and healthy; a single bottle of this inestimable remedy is worth all the so-called Sarsaparillas in existence.

The large number of certificates which we have received from persons from all parts of the United States, is the best evidence that there is no humbug about it. The Press, hotel keepers, magistrates, physicians, and public men, well known to the community, all add their testimony to the wonderful effects of the GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac, and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE, (IN MOST CASES WHERE EVERY THING ELSE HAD SIGNALLY FAILED.) The limits of an advertisement will not admit their full insertion.

H. N. HEMPSTEDS'S,

NEW MUSIC ESTABLISHMENT

NO. 173 EAST WATER ST.,

Will be Opened January 2nd, 1856.

NO pains or expense have been spared in fitting up and decorating this establishment, and the proprietor flatters himself that he has succeeded in making it

A MODEL MUSIC STORE,

not excelled by any concern of a similar nature, in the Western country.

The stock of PIANO FORTES, MELODEONS, and Musical Instruments of every description, IS UNSURPASSED IN EXTENT, VARIETY, AND MAGNIFICENCE, and the prices will always be EXTREMELY LOW.

PIANO FORTES of every variety of style and finish, from the PLAIN SQUARE SIX OCTAVE, to the elaborately carved LOUIS XIV., and the magnificently finished GRAND, unequalled in tone and durability, and all by makers of undoubted reputation.

☞ Every instrument warranted satisfactory. ☜

MELODEONS, PIFES,
FLUTES, FLUTINAS,
ACCORDEONS, VIOLINS,
GUITARS, DRUMS,
TAMBORINES, &C.

French, German, English and Italian Strings.

BRASS BAND INSTRUMENTS, of superior tone and finish.

The department of SHEET MUSIC AND MUSICAL WORKS will always be found fully stocked with the new and standard productions of Europe and America, and the proprietor having made arrangements with the principal Music publishers throughout the country, will be in receipt of every new composition as soon as it is issued from the Press.

Dealers, Teachers, Seminaries, &c., supplied at the lowest rates.

Capital over $16[illegible],000, in Cash & Premium Notes.

THIS COMPANY offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incompatible ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments, at a cost to the property insured, not exceeding two mills on the dollar.—Its business is principally confined to this State.

STEAM FOUNDRY!

—OF—

TURTON & SERCOMB,

296, 298, 300, 302 and 304 West Water St.,

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State,

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

EVARTS'

PATENT SHINGLE MILL

EVARTS & BUTLER,

PROPRIETORS & MANUFACTURERS,

CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by making the cut in the direction of the fibre of the wood.

The ease with which wood is worked in that direction gives it speed of execution; and the flexibility of the shingle width-wise relieves the saw, so that it may be ground thin on its edge, so as to cut away but little of the wood.

The shingles now made with this mill sell in this market seventy-five cents per thousand higher than any other sawed shingles.

This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

TO THE MILLION!

READ AND JUDGE FOR YOURSELVE

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following:

CARLYLE, Ill., June 29, 1855.

I have used Prof. Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey; but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 10, 1853.

Prof. O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it; that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus:

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely; but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

July 1, 1854. Yours, &c., ———.

GARDNER, Me., June 22, 1855.

Mr. Dyer: Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c.,
DANIEL N. MURPHY.

ST. LOUIS, March 7, 1854.

Prof. Wood:—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLMANSON,
136 Second Street.

ST. LOUIS, June 25, 1853.

Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey; and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, sir, yours, &c.,
H. L. STEWART.

WILL EFFECTUALLY CURE

LIVER COMPLAINT, DYSPEPSIA, JAUNDICE,

Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach.

Such as Constipation, Inward Piles, Fulness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits.

The proprietor in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten year's trial before the American people, and its reputation and sale is unrivalled by any similar preparations extent. The testimony in its favor given by the most prominent and well known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, can not but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scrofulous Eruptions, &c., &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is echoing daily from East, West, North and South, of wonderful cures they are preforming.

See what is said by those who have used these medicines:

The Rev. Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas;"

Capt. William Vail, of the steamer Granite State, says: "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores; is now perfectly cured by the use of the Syrup and Cerate."

Dr. A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev. August Bolles says "it has cured the Salt Rheum in my leg."

J. Hatfield Frazer, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon. Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years; but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev. J. S. Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Frisbery, of Taunton, Mass., what the medicines will do; ask William Barber, of Three Mile Bay, Jeff Co., N. Y., what the syrup has done for him; ask G. F. & W. H. Boynton, of Perkinsville, Vt.; ask F. L. Kent, of Chicago, Ill; ask Martha Cottle, of Martha's Vineyard, Mass; ask Wm F. Keables, or Wm P. Benjamin, Esq., of New London; ask Dr. H. M. Murdock, of Pulaski, N. Y; ask J. C. Smith, of Brooklyn N. Y., who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate; ask Curtis Burrough, of Shelby, N. Y., who has been cured of a severe case of Salt Rheum; ask Chas. Akin of Hume, N. Y., what the Syrup and Cerate will do for sore legs; ask Winslow and Slafter, Merchants, Virgil, N. Y. what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

F. BROWN'S

ESSENCE OF JAMAICA GINGER

THIS ESSENCE is a preparation of unusual excellence. In ordinary diarrhœa, incipient cholera, in short, in all cases of prostration of the digestive functions it is of inestimable value. During the prevalence of epidemic cholera and summer complaints of children, it is peculiarly efficacious; no family, individual, or traveller should be without it.

CAUTION.—Be sure to get the genuine essence, which is prepared by F. BROWN, at his Drug and Chemical Store N. E. Corner of Fifth and Chestnut Streets, Philadelphia and for sale by all the respectable Apothecaries in the United States.

Sold Wholesale and Retail by BOSWORTH & SONS, W. I. HOPKINS & Co., & JOHNSON JR., Milwaukee.
